

Rep. Lamar Smith votes no on health insurance reform.
It's time that we say **NO** to Lamar Smith.

- ♦ Central Texans need insurers to stop discrimination against those with pre-existing conditions.
- ♦ Central Texans need health insurance to be portable.
- ♦ Central Texans need to end financial crisis due to catastrophic and chronic health care needs.

Central Texans deserve affordable, accessible, high-quality, portable health care. We deserve a representative who truly represents **us**, not special interests, not private interests, and not only the extreme wing of one political party.
